M'GOVERN FINISHED EDDIE HANLON.

TERRY TRYING TO GET UP AFTER THE FIRST KNOCK DOWN.

ARRANGEMENTS MADE FOR ANNUAL BOWLING CONGRESS

Entry List for Championship Games at Milwaukee Bigger than Ever in History of Popular Pastime—News and Notes of the Pin Knights and Some Good Scores.

The final arrangements for the American Bowling Congress have been completed. W. V. Thompson has just returned from Milwaukee with a contract for fourteen of the B. B. C. Co.'s up-to-date regulation bowling alleys for the national bowling tournament, which will be held in Milwaukee Feb. 20 to 25.

The Milwaukee Bowling Tournament Company, which will handle the next meeting of the American Bowling Congress and the United States championship tournament, has been incorporated under the State laws of Wisconsin, and has disposed of enough stock to secure sufficient funds to handle the event without outside assistance.

The company has secured the Exposition Building, which is by far the largest building in the State, having a ground floor area of 87,000 square feet. After the alleys have been placed there will be room enough to arrange a seating capacity of 7,000 people, and every one of the spectators can see all the alleys. The building is centrally located and elegantly decorated inside and out. The cash prizes will amount to over \$10,000. They expect at least 50 per cent more entries than were received at Cleveland last year.

Automatic Pin-Setter. George Bohner, the light-weight champion wrestler, who conducts the Pastime bowling alleys, is experimenting with an automatic pin-setter. H. B. Shirk, the agent for the "Backus" machine, is himself a "pin boy" and by a slight pull on a rope liberates a new set of pins on the alley almost as soon as the second ball is in the pit. The machine has to be seen to fully understand the mechanism, which is, however, simple in the extreme.

President Charles Pfister, of the Hanna Bowling Club, is still piling them up. Some of those team names are an awful handicap.

Watch the Pastime team. They make it more interesting in more ways than one.

Brooklyn vs. Quakers. The Brooklyn team of the Eastern League will journey over to the Quaker City to-morrow, where they will meet the local team in the second game of the series now in progress. The boys from Philadelphia made a great start in the Eastern League intercity series at Brooklyn. The Quaker City team won three out of five in the individual and captured two out of three in each of the two, three and five man events, making a total of nine victories out of a possible thirteen. This is a good record for the Quakers and, being made away from home, augurs well for what is yet to come. The work was not a-looker brilliant, but the Philadelphia boys were there at critical moments and both of the five-man games were pulled out in the tenth box.

New Star Alleys. A large crowd attended the opening of the New Star Academy, a one hundred and twenty-five seat and Lexington square, last night. There are twelve new alleys in the place, under the proprietorship of Herman Cadogan and Fred Schwartz. "Father" Thomas Curtis made the opening speech.

New Tournaments. The opening games in many new tournaments were rolled last night in various sections of the city. The Gas Company League, Trust League, Stock Exchange League, Silk League and River-

side League were numbered among these.

NEW YORK LEAGUE. The scores in the new tournaments were only ordinary. In the New York League there was something doing. This was partly due to the remarkable bowling of "Bert" Chadwick, of the Critterons, he making nine strikes and one spare.
